EMPLOYERS TO
GET REFUND IN
RISK PAYMENTS

Bureau Probably to Allow 15
Per Cent on Next Year's Pre-
miums to Some Employers

EMPLOYERS MEET HERE

Recommendation Made by Com-
mittee for Revision of Some
Compensation Rules

A refund of 15 per cent of premium payments probably will be made by the Workmen's Compensation Bureau providing the losses of the employers were below the normal loss experience for the year, it was stated at the offices of the bureau today, following a conference between employers and members of the bureau on various phases of the compensation business.

It is also likely that the manual rate will be reduced somewhat in new schedules effective from July 1, and that credit will be given to employers for the record made in their particular business in order to encourage employers to safeguard their plants. In some lines of industry, however, there will be no reduction in rates, it is stated, because the losses have been greater than normal, or greater than the premium rate. These classes in which there probably will be no reduction include coal mining, packing houses, structural iron work, carpenter work away from the shop, road making, mill drilling, furniture workers, telegraph and telephone companies, livestock shippers, ice harvesting.

Recommendations Made
Various recommendations were made by employers called in for a conference with the bureau in the form of a resolution drawn up today. They include a recommendation for a 15 per cent refund, to be credited to employers on their next year's premiums, and other adjustments. It was stated members of the bureau agree with the employers' recommendations.

The employers' representatives are: Fred P. Mann, Devils Lake; J. A. Jarvine, Fargo; P. O. Thorson, Grand Forks; C. E. Danielson, Minot; O. Hegge, Fargo; P. J. Cahill, Zap.

The resolutions adopted by the employers' groups follow:

"There being 7,500 employers insured in the Workmen's Compensation Bureau and being some employers in the state who are not complying with the compulsory law, we urge that steps be taken to compel those who are not complying with the law to pay their premium into the fund and we recommend that all employers who are not complying with the law pay the premium into the fund and secure compensation insurance and solicit the cooperation of all who are paying into the fund to secure the compliance of all others.

Want Surcharge Abolished
"We recommend that Rule 3 of the rules of the bureau by which a 24 per cent surcharge is charged to the employer for initial rating be abolished. This 24 per cent has previously been charged employers at the beginning of their first year's insurance and paid back if the employer had a good accident experience or paid back in part depending upon, the extent of the losses in his experience.

"We recommend that a refund dividend of 15 per cent of last year's premium be paid to all employers who have had a normal experience, or better than normal, and that such refund dividend be credited to these employers on their next premium payment.

"We recommend that the experience of the North Dakota Workmen's Compensation Bureau in the various industries be given great consideration in fixing the rates for the ensuing year where there has been a sufficient payroll exposure in any given industry to warrant basing the rate largely upon North Dakota experience.

"We recommend that Rule 9 of the (Continued on Page 3)

SECOND CLASS
POSTAL RATES

(By the Associated Press)
Washington, June 20.—The administration is considering the matter of decreasing second class postal rates, it was said today at the White House. Considerable discussion was given to the subject at today's cabinet meeting, and President Harding and Postmaster General Work are inclined to believe that at least a part of the increase in the second class rates made during the war should now be removed.

FINED TWICE
WITHIN HOUR

Dan Wolf was assessed two fines for speeding here within an hour today. Wolf, charged with speeding near the swimming pool last night, was fined \$5 and costs by Police Magistrate Cashman this morning. Within an hour he was arrested on a charge of cutting the corner and having cut-out open in the downtown district. He again was fined \$5 and costs.

The car driven by Wolf last evening was owned by R. W. Beardsley, who paid the fine. It was in another car that the alleged second offense was committed.

NEW SALEM DAIRY TOUR TO COMBINE
PLEASURE AND BUSINESS; BUTTERMILK,
RICH FOOD APLENTY FOR VISITORS

Fully 1,500 People Expected to Visit Holstein Circuit Thursday of
This Week to Witness Demonstrations — Bismarck
Rotarians to Take Visitors from Burleigh County

"The New Salem dairy circuit has attracted nationwide attention as an example of co-operation and it is anticipated that the annual picnic to be held June 22 will be attended by more than 1,500 people," says J. H. Shepperd, animal husbandman, North Dakota Agricultural College.

Bismarck Rotarians are co-operating in the event. Cars will leave Bismarck at 7 o'clock Thursday morning for New Salem, carrying farmers of this section as guests of the Rotarians. Farmers desiring to make the trip may register at French and Welch, Burgess and Son, Finney's drug store, the Farmer-Labor Record of The Tribune.

"The interesting features of the dairy circuit and the community will be shown and demonstrated to visitors by members of the circuit as they pass from farm to farm and to the creameries. It will be a moving picture in real life," according to Professor Shepperd.

"Because of the crowd of perhaps 250 autos that is anticipated the cars will park at each of the many stops in military fashion so that there will be no backing and each car will leave the parking grounds in the order in which they entered," explained Mr. Shepperd.

Lots of Buttermilk

"One of the first reels of the living moving pictures will be four demonstrations by John Christianson, one of the pioneers of New Salem," Mr. Shepperd states. He will show some of his early experiences and some of the history of the community. "When he first came and was plowing some land the Indians told him he was turning the land 'wrong side up.'"

Buttermilk will be served at about 10 a. m. when the caravan of autos park at the historic New Salem creamery which was built 27 years ago and has operated every day since except two days when a concrete floor was being installed.

The principal speakers of the tour will be Dr. J. L. Coulter, president of the North Dakota Agricultural college; Dr. F. F. Trowbridge, director of the experiment staff, and possibly Governor Nestor. The speaking program will take place at the grove near John Klusmann's farm and will be in charge of C. W. Randlett, director of the extension staff. Picnic dinner will be furnished by the members of the circuit and the Commercial club of New Salem.

Many Demonstrations
Among the demonstrations to be given at the different farms as the pilgrimage of autos passes along are to be the exhibit of the living pedigrees of several of the important families of dairy cattle of the community, demonstrations of co-operative pasture management, photographic history of the development of the circuit, and large charts of some of the families of cattle.

The Youngstown creamery will be reached about the middle of the afternoon where more barrels of buttermilk may be consumed by the tourists. The trip will end with a dairy judging contest conducted by Professor J. R. Dice of the Agricultural College. The cities of Bismarck, Mandan, and New Salem will co-operate in giving a banquet in the evening.

The New Salem Commercial club is planning entertainment for the visitors. The Bismarck Rotarians will carry an orchestra which will furnish music for a dance to be held at night under auspices of the New Salem organization.

MANDAN ROAD
CONTRACT LET

The United States government, the state of North Dakota and Morton county collaborated in the letting of a contract in Mandan today for the grading and graveling of a road from the city of Mandan to the Missouri river bridge. The distance is four miles and includes the west approach to the bridge.

The work was let to four different contractors, each one receiving the contract for a certain class, the total price being \$53,053.35.

The roadway will be allowed to settle for three years, at the end of which time the concrete pavement will be built.

The letting of the contract means the Missouri river bridge will be in use not later than August 1.

Would Investigate Alleged Discriminatory Action Contemplated by Harvard College

(By the Associated Press)
Cincinnati, O., June 20.—Organized labor's attitude of educational questions was before the American Federation of Labor convention today for consideration. Overshadowing the usual questions centering about the contents of school texts, courses of study on the labor movement and free school books was a resolution proposing an investigation "of the alleged discriminatory action contemplated by Harvard College to deny admission to Hebrews."

President Samuel Gompers and other leaders of the convention planned today to bring a big variety of business before the delegates. All of the committees were to be called on for reports, with the view of cleaning up business to date so that all of tomorrow may be devoted to the report of the special policy committee, outlining a program for curbing the power of the courts in settling labor laws and in issuing injunctions. Preparatory to drafting its report, the committee met again today with a corps of lawyers, summoned from various parts of the country to aid the committee in reaching its decisions.

HAGUE MEETING

Participates on Condition Decisions Reached Shall be Considered Suggestions

(By the Associated Press)
The Hague, June 20.—The conference of experts rested today while Moscow was notified of the formation of the sub-commissions to negotiate with the Soviet delegation.

The president of the main commission and the chairman of the three sub-commissions will be elected tomorrow. These four heads will form a committee to insure unity of action.

France's decision to participate in the conference is explained as contingent solely on the condition that all decisions shall take the form of mere suggestions to their home governments—and that all political questions are prohibited.

France reserved the right to withdraw her delegates at any time "if the attitude of the Soviet representatives appears to render it necessary."

OBENCHAIN CASE
IS SPEEDED UP

(By the Associated Press)
Los Angeles, Cal., June 20.—Expectations early today were that the trial of Madeleine Obenchain for the murder of J. Belton Kennedy would proceed more rapidly with the ruling yesterday by Judge John W. Shenk that evidence that Arthur C. Burch, co-defendant, was seen in Santa Monica Canyon shortly after Kennedy was slain in Beverly Glen, August 5 last, was not admissible. The state contended Burch went to Santa Monica Canyon to throw into the ocean the shotgun with which he was accused of slaying Kennedy.

FORD OFFER ON
SHOALS PLANT
IS CRITICIZED

Statement of Several Republican
Members of Military Affairs
Committee Attacks It

DENOUNCED PROPAGANDA

Assert That Ford Offered to Pay
Government \$50,000,000 For
Property Costing \$85,000,000

(By the Associated Press)
Washington, June 20.—Henry Ford's offer to purchase and lease the government's power and nitrate projects at Muscle Shoals, Alabama, was attacked today in a report to the house prepared by Representative Kearns, Republican, Ohio and signed by Representatives Morin, Pennsylvania; Parker, New Jersey; Grwther, New York; Frothingham, Mass.; and Ransley, Pennsylvania, all members of the house military committee. The report declared dissatisfaction with opinions already presented to the house by other members of the committee and announced that the signers were determined to tell "the people" the "real facts about Muscle Shoals and the so-called Ford offer."

Representative Kearns said Representative Parker and Frothingham signed the report although they previously had endorsed another minority opinion. He expected two other committee members would sign later, he said, making a total of eight Republican signatures on the report.

Declaring the belief that "the country little understands what it is that Mr. Ford is offering to do, or what if anything, he is offering for this great plant," the signatories first denounce what they describe as "one of the most insidious propagandas that the nation has witnessed for many a day."

Sav Supporters Misled
Many of the Ford advocates, the report says, are honest and conscientious, but have been misled as to facts of the offer made. In this connection, it points to the provision by which fertilizers would be manufactured and says that despite "persistent reports that he will compel the fertilizer manufacturers of the country to sell their product at one half of what they are now selling it," Mr. Ford "does not agree to make fertilizers at all unless he can make them at a profit to himself."

The committee members declare "this is a hollow promise made to enlist the support of the farmers and not founded on any fact either contained in the contract or existing outside the contract," and charge that propagandists fail to tell the people that "the principal business of Mr. Ford, should he get this gigantic plant, would be the manufacturing of other articles, which he would be allowed to sell at any price that he might see fit."

Say Offer is Inadequate
After explaining their attitude in opposition to the Ford offer, the committee members declare they are not "believers in fables" nor have faith to believe in the pranks of fairies, "nor do they think that Mr. Ford is the reincarnation of Aladdin plus his lamp."

The properties for which Mr. Ford offers the government \$50,000,000, the report says, already have cost the government \$85,487,900. It declares the amount offered "seems wholly inadequate."

ACCUSES BLOOM,
HOGUE IN SUIT
ON LAND BOUGHT

Attorney-General Demands Return of \$13,600 Paid for Kidder County Land

North Dakota as a state has commenced civil action against John H. Bloom former fish commissioner, George M. Hogue, Secretary of the Fish and Game Commission and Lee C. Pettibone of Dawson asking the return to the state of \$13,600 which the suit petition declares the defendants spent for land in Kidder county, title for which has never been turned over to the state.

The petition alleges that the defendants purchased the land from the original vendor for \$6 per acre and then charged the state \$10 per acre for the land, which the state alleges is worthless for either a game preserve or a place to propagate fish. It charges that the difference of \$5,440 was retained by Pettibone, Bloom and Hogue for their own personal use.

Although the voucher for the purchase of the land was approved by the auditing board, the charge is also made the authority was not given by any board in authority, for the purchase of the land. The state alleges that the emergency commission, which approved the purchase is not a board of such power.

The petition avers the land is wet and swampy in parts, of alkalali character, sandy in some parts and in part composed of sloughs, and is not worth more than \$5 an acre. It also charges that C. E. Manning of Fargo, member of the fish and game commission, was deceived in approving it.

DUBLIN FOR TREATY

Returns Show Seven to One Vote
In City in Favor of Inde-
pendent Candidates

(By the Associated Press)
Dublin, June 20.—The positions of the various parties in the Irish parliamentary election so far as reported in returns received up to 5 p. m. were:

Coalition pro-treaty, 47; coalition Republicans, 25; Labor, 10; Independents, 12.

Dublin, June 20.—Forty-four coalition pro-treaty members and twenty-five coalition Republicans have been elected to the Irish parliament from contested and uncontested constituencies, according to returns so far received. The returns show that 72,285 electors in the city of Dublin voted for panel and independent candidates favorable to the treaty, and 10,920 for the Republican panel nominees.

The feature of the parliamentary elections on the basis of the results thus far known, is the preponderance of the vote in favor of candidates favoring the Anglo-Irish treaty. An analysis of the voting made possible by the proportion of representation system, shows a majority of seven to one in favor of the treaty in Dublin city, four to one in Cork city and three to one in the Dublin university. The second preference of the labor votes in Cork city were in proportion of more than 10 to 1 in favor of the treaty.

The members definitely elected include 37 treaty advocates, 21 opposed to the treaty, five labor candidates and one independent.

For these results and for the outcome of the army meeting in the Mansion House, Eamon DeValera is supposed to be waiting, to decide what he shall put into his promised statement. Rory O'Connor, leader of the dissentients, is understood to have sent sort of ultimatum to the Irish Republican army headquarters notifying the staff he is compelled to terminate the negotiations for the unification of the army, which have been in progress, and he will resume complete liberty of action.

Many rumors are current in connection with O'Connor's step, including gossip of an impending split in the army.

Meanwhile the truce between the factions headed by Michael Collins and Mr. DeValera seems universally regarded as dead, although it is still nominally in existence.

ATTACK FRUSTRATED

Belfast, June 20.—Shots were fired early today in the vicinity of Stormont Castle, which was participated in by the Ulster government as the official residence of James Craig, the premier, who with his wife took up his residence there for the first time last evening.

Officials were reticent regarding the firing but the belief was expressed in other quarters that an attack on the castle was contemplated but was frustrated by the police guards.

Minister Asks Admiral Strauss To Rush Protection For American Interests

(By the Associated Press)
Peking, June 20.—Three American buildings in Canton were struck by shells during Sunday's bombardment of the city by the gunboats of Sun Yat Sen, the South China leader, who has been trying futilely to recapture his stronghold. Jacob Gould Schurman, the American minister, has asked Rear Admiral Strauss to rush protection to Canton and American gunboats are expected to proceed there.

Word that Americans in Canton were endangered was received at the American consul at Canton. The extent of the damage to American property was not stated. The consul had protested to Sun Yat Sen, against indiscriminate firing along the Bund, the macadamized way on the waterfront.

LEGION NOT IN

NATIONAL HEAD

Hanford McNider Adds That It

Organization

DISCUSSES THE BONUS

(By the Associated Press)
Devils Lake, N. D., June 20.—The American Legion never has been an lever will be in politics, Hanford McNider, national commander told the state convention of the American Legion in session here today.

In his address the national commander dwelt particularly upon the work of the Legion is trying to do for the disabled service men and on the bonus. He said that all the legislation enacted by congress for the disabled men was written, put into and pushed through congress by the national headquarters of the American Legion.

"We realized, however," he said, "that this was a national obligation, but it was left to us to put it through. It was our battle and there was no one else to fight for us. And it is our duty as members of the American Legion to see that these laws are carried out."

Asserting that the membership of the American Legion in three years after the war is nearly a million, the commander characterized it a power for force and added "and we must keep it good and straight."

"The American Legion has never been and never will be in politics," he said. "Our basis policy is that the country shall stay as we fought for it feel that it should stay—America. And the Legion must remain a constructive force in the country and our first duty is to see that the disabled men of the World War get a square deal from their country."

The speaker denied emphatically that the Legion had made any threat to congress in its efforts to secure bonus and disabled legislation.

Immediately after his address and following a reception by Sioux Indians in feathers and war paint during which he was named "Ohiya" (the winner), by Chief Jim Crow, Commander McNider left for Fargo by airplane. He will board a train at Fargo for New York.

Primary Election

(By the Associated Press)
St. Paul, June 20.—Renomination of Senator Frank B. Kellogg, Governor J. A. O. Preus and other state officers endorsed by the Republican state convention was definitely indicated in returns available early this afternoon from Monday's state-wide primary election.

When returns had been received from nearly one-fourth of the state's 3,438 precincts, representing more than one-third of the total estimated vote cast, Kellogg had 68,106 votes to 37,871 for Ernest Lundeen, former Minneapolis congressman who was Kellogg's nearest opponent.

The same precincts gave Governor Preus 75,310 and Franklin F. Ellsworth 40,144. Returns from one sixth of the total number of precincts on the Republican clerk of supreme court contest gave Miss Grace F. Kaercher 42,754 and Herman Mueller 33,900. Miss Kaercher was endorsed by the state convention.

Mrs. Anna Dickie Olesen, the first woman to seek the senatorial toga of a major political party, was leading for the Democratic senatorial nomination when one fourth of the state's precincts had reported. She then had 9,821 votes to 8,912 polled by Thomas J. Meighen, her nearest opponent.

Seven additional precincts reporting in Carver county further increased the lead of Congressman Charles R. Davis, established early this afternoon over Reuben Thoreen in the Third district congressional contest, Republican ticket.

When 171 of the 276 precincts in the district had reported, the count stood: Davis, 13,992, and Thoreen, 13,190.

THOREEN AGAIN LEADS.

Another fluctuation in the Third district congressional fight was registered later when 23 additional precincts from Rice county gave Thoreen 2,231, and Davis, 1,262. This changed the total to Thoreen's favor by a 200 vote margin, 194 precincts out of 236 in the district giving Thoreen 15,460, and Davis 15,244.

For associate justice of the supreme court 517 precincts out of 2,438 in the state gave: Quinn, 25,324; William A. Anderson, 12,408; Vernon, 10,042; Christopherson, 9,206; William B. Anderson, 8,393, and Vanderburgh, 6,766.

Senator Hale Wins.

Portland, Maine, June 20.—Senator Frederick Hale, Republican, won an easy victory in the state primaries yesterday. The vote cast for him was larger than the total for his two opponents, former congressman Frank E. Guernsey and former state senator Howard Davies. Davies ran a poor third.

Governor Percival P. Baxter, Republican was re-nominated by a plurality of 25,000.

PREDICTS RE-ELECTION.

Washington, June 20.—Re-election of Senator Kellogg, Republican, Minnesota, and Hale, Republican, Maine, winners in yesterday's primaries, was predicted in a statement today by senator McCormick of Illinois, chairman of the Republican senatorial campaign committee. The statement said:

"The expected and overwhelming re-nomination of senator Hale and Senator Kellogg points very certainly to their Kellogg points very certainly to their re-election. Whatever the differences or natural ambitions which may produce Republican primary contests the American people in the election of next November are not going to give the Wilson Democracy control of either house of congress."

MURDER CHARGE
AGAINST FARMER

(By the Associated Press)
Medora, N. D., June 20.—Nick Strichynski, a farmer living near Gorham, 45 miles northwest of Dickinson, was to be arraigned here today on a charge of murder following the shooting Saturday night of John Sabitura, a neighbor.

The shooting, in which Sabitura was almost instantly killed, was said to have followed a quarrel. After the shooting Strichynski went to Gorham, and surrendered.

RELEASED FOR SUMMER.

Bowbells, N. D., June 20.—Nels Gunderson, charged with selling intoxicating liquor, who pleaded guilty to the charge in district court before Judge George S. Moelling and was sentenced to serve 115 days in the county jail and to pay a \$200 fine and costs, was placed under bonds and released until October 1, when he is supposed to return and serve the sentence. This was done to give him a chance to provide for his family during the summer months.

Supporting Work

A SUCCESSFUL YEAR

Boys welfare work was discussed before the Rotary club at luncheon today by Judge W. L. Nussle and Fred Conklin. The report of the year's activities under the direction of J. J. McLeod was presented to the Rotarians, showing the varied and successful methods of dealing with boys employed by Mr. McLeod.

Sixteen teams of the Rotary club this afternoon started out in the city to obtain renewals to the pledges made by local citizens a year ago to support the boys' welfare work under Mr. McLeod. Rotarians feel that the year's work with the boys of the city have been even more successful than was predicted, and look forward to an expansion of the activities.

Fred P. Mann, of Devils Lake, former president of the state retail merchants association, spoke to the Rotarians of work he had been engaged in to promote better business.

It was announced that Mr. McLeod would take another group of boys on a camping trip tomorrow at Lake Isabel.

The forthcoming lectures of Henry Wischnaupt, the "pep" man were announced.

ARTESIAN BASIN
SOON EXHAUSTED

Prof. Simpson Says That Rocky
Mountain Source Fails

(By the Associated Press)
Devils Lake, N. D., June 19.—The Dakota artesian basin, which is at present supplying 5,000 wells in the state, mostly in the eastern part will be exhausted, according to Professor Howard S. Simpson of the department of geology, North Dakota University. In an address, before the Devils Lake Rotary club.

In the early days, he said, the Dakota artesian basin was fed by waters from the Rocky Mountains, but that years ago this source had ceased and the water now in the basin is merely that which has been stored there for centuries. The artesian supply in the state has diminished four fifths since the first well was sunk here many years ago so that there is only one fifth of the original supply remaining in the sandstone reservoir, which covers a wide area of North and South Dakota, he said.

In order to preserve the supply, Professor Simpson urged rigid compliance with the state law relating to artesian wells.

WANT COUNTY

A petition is being circulated by F. W. Korn, which has been signed liberally by people in the vicinity of McKensie and Menoken, asking the county commissioners to purchase a tract of about 10 acres known as Island park, about 1 1/2 miles north of Menoken, as a county park.

Mr. Korn circulated petitions at the political rally held in the grove yesterday and received many signers. The wooded tract is on the banks of a branch of Apple creek. Many farmers in that vicinity want to see it preserved as a picnic ground.

SECOND READING
FOR "GRAMPIAN
ELECTRICITY BILL"

London, June 19.—Scotland is waking up to the fact that its lakes and waterfalls may be made to serve other purposes than providing scenic attraction for tourists. As proof of this the "Grampian Electricity Bill" has been given a second reading in the House of Commons.

The company is empowered to collect and use the waters of 15 lochs and 99 small lakes, rivers and streams, over an area of 417 square miles.

The waters proposed to be utilized are estimated to be capable of generating 56,000 horse-power to supply electricity in the counties of Perth, Kinross and Forfar and districts in four other counties. The capital is placed at 4,500,000 pounds.

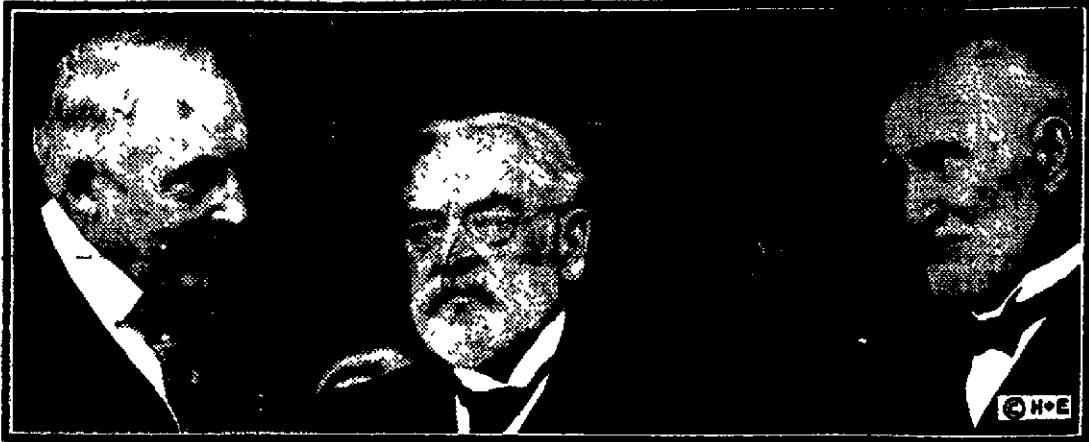

That any of the beautiful lakes and falls of "Caledonia, stern and wild" should be used to set the wheels of industry spinning many in Scotland regard almost as sacrilegious desecration. And that opinion is shared by not a few Americans who are accustomed to visit Scotland annually.

But the promoters declare that the preservation of the natural beauties of Scotland is expressly provided for by the terms of the bill. And they add that when the hum of the electrically-driven wheels of industry are heard in the land, and dividends begin to come in, the cry of "desecration" will be silenced.

Police to Make Arrests for Failure to Observe Light Rule

Policemen have been directed to see that all motorists comply with the law requiring them to have lights on their cars at night. Fifty-five persons have been stopped in the last few days, numbers of cars taken and warning given, according to police reports. Upon second violation arrests will be made.

Many reports have been made of disregard of autoists in the country of the dinner requirements. A taxicab of the Service Taxicab company while approaching a culvert on a narrow road east of the city Sunday night was forced off the grade by blinding lights of an autoist met on the road. The taxicab turned over but the driver was not injured and there were no passengers. Many narrow escapes from accidents have been reported because motorists fail to turn off glaring head lights when meeting another car on country roads.

FAMOUS PLAY
TO BE HERE

"Peg O' My Heart" Will Be
Given at St. Mary's
Auditorium

"Peg O' My Heart," the famous comedy drama, will be presented in Bismarck at St. Mary's Auditorium tomorrow night, June 20. Popular prices will be charged.

The play is being presented tonight in Mandan, as a feature of the big Catholic convention. It is under the direction of Joseph M. Golden, who directed "The Rosary," presented for the benefit of St. Mary's here last winter. The entire Mandan cast will give the presentation here.

In addition there will be high class vaudeville acts, with singing and dancing by Clarence W. Davis and specialties by Mr. Golden.

"Peg O' My Heart" contains a laugh or a tear in every line. The famous comedy is given by an excellent cast, which has been carefully trained for several weeks under the direction of Mr. Golden. It is expected that St. Mary's Auditorium will be crowded for the performance here tomorrow night.

BY NORWEGIANS

(By the Associated Press)
Minneapolis, June 19.—A belief that the Norwegian Lutheran group would withdraw entirely from the Lutheran brotherhood and organize a more conservative fraternal association was evidenced more and more as the Norwegian Lutheran church of America, now in conference in Minneapolis entered the third day of its session today.

In a session fraught with fiery

jury in circuit was deliberating over speeches, the following declaration: "We deplore the terrible apostasy of many churches that bear the Christian name. We thank God that He has protected our church from this menace and we pray and hope for his protection in the future. We urge upon the people unswerving loyalty to God's word and the confession of our Norwegian Lutheran church."

It is planned to devote the session tomorrow to a discussion as to the expediency of the contemplated withdrawal from the Lutheran brotherhood.

Defense Springs Surprise in
Trial of Illinois Governor

(By the Associated Press)
Waukegan, Ill., June 19.—Governor Len Small will offer no evidence in his behalf in his trial for conspiracy, C. C. Leforge announced in court today, but will rest on the evidence of the prosecution. The state only a few minutes previous to his announcement had completed its case.

The announcement of the defense came as a complete surprise, it had been expected that the defense would require two or three weeks.

Mr. Leforge told Judge Claire C. Edwards he would offer one or two documents and one motion this afternoon before resting.

PLAINTIFF IS
GIVEN VERDICT
IN HORSE CASE

A jury in district court reporting today found in favor of the plaintiff in the case of Albin Erstrom against Enos Stranden, the plaintiff claiming ownership of a horse. The jury found the horse should be returned, or if not, the plaintiff paid \$150.

In the case of the Hughes Electric company against the Bismarck Water Supply company, for over \$700 claimed due for supplies, the jury disagreed Sunday afternoon after being out 24 hours. The jury stood 11 to 1 for the defendant, it was understood.

Because of the death of a witness in the case of Myrtle Tyrrell against the Northern Pacific Railway company and the Pullman company, the case was postponed. The jury was excused until this afternoon.

SHEET METAL
INDUSTRY BOOMS

Youngstown, Ohio, June 19.—With automobile makers and other factories clamoring for sheet steel, that branch of the steel industry in the Youngstown district today began a schedule of operations more nearly approaching 100 per cent than at any time since the war boom. Of eight mills scheduled to resume today seven were able to get enough skilled labor. The addition leaves only three mills of the 113 in the district idle.

The two words, "skirt" and "shirt," were originally the same.

TREASURES OF
JESUITS FOUND

Box Lost When Missionaries
Were Forced to Flee

Penetanguishene, Ontario, June 19.—The golden treasures of the Jesuits, lost for 300 years, have been located, according to Captain Robert Carson, in charge of the hunt beneath the Nye river, for the iron chests. The box lost when the black frocked missionaries fled down the Nye, rests on the edge of the great hole dredged in the bottom of the river, Captain Carson said, and was found during the second of the descent into the depths of the river yesterday.

He said that he believed the chest with its golden altar vessels and manuscripts, telling of the early history of Canada, would be brought to the surface today.

Bluesky Has Been
Washed Ashore

(By the Associated Press)
London, June 19.—The admiralty announced that the drifter Bluesky, which left Portsmouth June 12 for Invergordon, Scotland, is presumed to be lost with all hands. Wreckage of the Bluesky has been washed ashore. The vessel carried a lieutenant, two midshipmen and eleven men.

Defective Wiring
May Have Caused
Fire at Fargo

(By the Associated Press)
Fargo, N. D., June 19.—A loss estimated at \$10,000 was caused by a fire which early yesterday destroyed part of the Bahe Flour Mills here. The upper two stories of the mills were destroyed and large stocks damaged by smoke and water. Defective wiring or a heated bearing are blamed as possible causes.

ITALY LOSES
TO ENGLAND

(By the Associated Press)
Roe Hampton, England, June 19.—England won from Italy in the first match of the Davis Cup lawn tennis series between the two countries, played here today. F. Gordon Lowe of England defeated Count D'ibaccio of Italy in straight sets, 6-1; 6-3; 6-1.

HOTEL IS SOLD

Dickinson, N. D., June 19.—Under the terms of a deal consummated Thursday John Barth sold his lease and holding in the St. Charles Hotel company to E. Harken, an experienced hotel man of North Platte, Neb. Mr. Harken will take possession July 1. The same day Mr. Barth sold the filling station on the lots adjoining the hotel property to Evers and Evers of Glendive, possession of which will also be given on July 1.

Mr. Barth, who has managed the St. Charles hotel for the past four years, plans on leaving on that date for Montana and Idaho, where he will spend a month attending to business matters, after which he and Mrs. Barth will sail for the old home in Switzerland to visit his aged father, who has been in poor health for some time.

"Dry" Directors of Five States
Hold First Conference Since
Advent of National Prohibition

(By the Associated Press)
Minneapolis, June 19.—Liquor running from Canada, the great problem a year ago, has been virtually blocked and prohibition enforcement in the northwest has resolved itself into the suppression of the manufacture of moonshine and the elimination of alcohol shipments from Chicago, according to opinions expressed here today at the meeting of northwest directors of prohibition enforcement.

The meeting brought together directors from Minnesota, North and

John Fross Declares He Was In
Such Serious Condition He
Just Could Stay On His Feet,
But Tanlac Promptly Ended
All His Troubles.

"I believe in Tanlac stronger today than I ever have for it fixed me up so fine a year ago that I'm still enjoying the best of health," said John Fross, 627 6th St., South, Minneapolis, Minn., solicitor for the Eclipse Merc. Co.

"I was in a badly run-down condition and never wanted anything to eat for even the little I did force down gave me indigestion and bloated me up with gas. My back pained me so bad at times I could hardly turn over in bed, and I was so nervous and restless I could scarcely sleep. I was so tired and worn out it was all I could do to stay on my feet, and when I went up the stairs I just had to pull myself up by the railing, and I had a hard time staying on the job."

"Well, sir, as my wife and friends know, it only took five bottles of Tanlac to completely restore my health, and I have been feeling fine ever since. There's nothing too good I can say for Tanlac."

Tanlac is sold by all druggists.

ORGANIZING COOPERATIVE LABOR BANKS

One Was Opened Up In Chicago
Recently and Five Others
Are on the Way

(By the Associated Press)
Cleveland, Ohio, June 20.—Five cooperative labor banks are being organized in the United States, and one was recently opened in Chicago, according to the Locomotive Engineers Journal. Another, the Brotherhood of Locomotive Engineers Cooperative National bank, has been in existence a year and a half, and its reported resources are nearly \$15,000,000.

The Brotherhood of Locomotive Engineers Holding company has bought control of the Nottingham Savings and Banking company of Cleveland, which is capitalized at \$75,000 with reported resources of \$525,000 and has one of the oldest savings bank charters in northern Ohio. The Brotherhood of Railway and Steamship Clerks has instructed its grand officers to organize a bank with a probable capital of \$500,000. The executive board of the Order of Railroad Telegraphers has obtained a charter for a bank capitalized at \$500,000 plus \$100,000 surplus. Workers of Birmingham, Ala., are organizing there the Federated Bank and Trust Company, with a capital stock of \$500,000. Representatives of the four transportation brotherhoods in Minneapolis, Minn., have applied for a charter for a national bank to be capitalized at \$200,000 in the twin cities.

The new Chicago bank is that of the Amalgamated Clothing Workers, capitalized at \$300,000.

BAKER TO GIVE THREE JUDGING DEMONSTRATIONS

Subjects Will Be Dual Purpose
Cow, New Type Hog and
Draft Horse Selection

Fargo, N. D., June 20.—A state milking shorthorn breeders association will be formed at a livestock meeting to be held at Coopersburg, June 22, 23 and 24, according to George J. Baker, livestock specialist of the state agricultural college.

The shorthorn is a dual purpose cow and for that reason is considered to be especially applicable to certain parts of the northwest where beef and milk are equally desirable as farm products, in the opinion of Mr. Baker.

Mr. Baker is scheduled to give three judging demonstrations, one on the new type hog, June 23, morning and the dual purpose cow, that afternoon and a demonstration of draft horse selection on the morning of June 24.

In each case a number of the animals will be on hand and people in the crowd will be asked to judge them. Mr. Baker will help them, and after the visitors have made their selections, Mr. Baker will go over each animal, showing its strong and weak points and the probable grade that experienced judges would give in the show ring.

General care and feeding will also be discussed.

N. P. OPENS BUS SERVICE TO LISBON

(By the Associated Press)
Fargo, N. D., June 20.—Announcement that the Northern Pacific railroad will institute a supplementary motor bus service to Lisbon, North Dakota, about July 15, was made here today. Other lines into Fargo will be opened soon, it was likewise announced.

The bus is to leave Lisbon at 7:15 and reach Fargo at 9:20 in the morning; afternoon, leave Fargo 4:15, arrive Lisbon 6:15. The run is about 50 miles.

SURROUNDED BY WATER AND FOOD SUPPLY SHORT

Grave Concern Is Felt For The
Fate of 18,000 Inhabitants
Of Piedras Negras

(By the Associated Press)
San Antonio, Texas, June 20.—Twenty-one thousand acres of Rio Grande valley land with crops valued at \$2,500,000, flooded in Hidalgo county, a fresh rise in the lower stretches of the Rio Grande as the result of flood waters which came down yesterday afternoon from Mexico, while the flood of the upper river is nearing its crest at Laredo, 150 miles upstream, summarized the border flood situation early today.

Meantime the fate of 18,000 inhabitants at Piedras Negras, Mexico, across the river from Eagle Pass, is causing grave concern. Nothing has been heard from Piedras Negras since Sunday night. The city is known to be surrounded by water and the food supply is thought to be short.

U. S. SYNDICATE MAKES SHAW A BIG CASH OFFER

(By the Associated Press)
London, June 20.—George Bernard Shaw has been offered \$100,000 a year for five years by an American syndicate to produce two motion picture films each year. The author made this announcement himself at a dinner of the Society of Authors in London. Declaring that the cinema rights of a single story might be worth \$50,000, he urged young authors not to be too ready to give concessions to cinema producers or literary promoters, among whom, he said, there was unfortunately no absolute standard of honesty.

"A man who sells a table or a chair charges no more than the cost of the article plus a reasonable percentage of profit," he said, "but nothing of the kind applies to the publishing, theatrical or cinema business. The truth is the whole thing is a gamble, and producers who make perhaps one success in 10 or 20 ventures want to make that success pay for all failures."

CONFERENCE OF UNION LEADERS NEXT RAIL STEP

Interest Hinges on Action to be
Taken at Joint Meeting of
Miners-Rail Men

(By the Associated Press)
Cincinnati, O., June 20.—Interest here today in the nation-wide rail strike situation centered in the conference tonight between officials of the miners and railroad shop crafts unions when plans for concerted strike action between these organizations will be discussed.

B. M. Jewell, head of the railway employees department and John L. Lewis, president of the United Mine Workers, at a conference yesterday mapped out a plan of action proposed to the officials of these two unions.

None of the big four or transportation brotherhoods was expected to attend the meeting, it was stated. Members of these organizations are not affected by recent decisions of the railroad labor board cutting wages and altering working conditions. However, they are members of the rail-miners alliance, having signed the agreement at Chicago last February.

In a statement William H. Johnston, president of the Machinists, declared the only possible move that could prevent a walkout of approximately 1,000,000 rail workers July 1 was for the government to order the labor board to suspend its order reducing wages and permitting the farming out of shop work by railroads.

Chicago, June 20.—A formal reply to the communication of leaders of ten railway unions who informed the United States railroad labor board that a railroad strike will be authorized if the present referendum favors a suspension of work, is being prepared by the board, it was learned today. The reply to the union chiefs will be forwarded for several days, it was said.

Meanwhile union headquarters were speeding up the strike vote in an effort to have it completed by next Saturday when the general committee of 90 representing the rail unions meets here to canvass the returns.

Fifty thousand ballots cast by shop crafts employees have been almost solidly for a strike," according to John Scott, secretary of the railway employees department of the American Federation of Labor.

SAYS SMALLER CORPORATIONS TAXED TOO MUCH

This Is the Contention of Lyman
A. Baker, Statistician of
State Tax Department

That the smaller corporations of the state and country at large pay too large a proportion of the state and federal income taxes has been the contention of Lyman A. Baker, statistician of the State Tax Department and an interested student of the many problems of taxation throughout the country. Mr. Baker holds this opinion, not in protest and not because he believes the world is all wrong, but because he believes the world in general pays too little attention to the subject of taxation and the average man knows too little about it.

Mr. Baker also does not believe that the big corporation enjoys any privilege that the small corporation may not enjoy. The big corporation, however, in the opinion of Mr. Baker have the men who understand taxes, and their tax statements and tax accounts are presented in the proper light. The small corporation, not used to the present income taxes, makes up the return as best possible under the instruction of the blanks sent out by the government. The result is that the report may omit to take advantage of many deductions that are possible under a complete understanding of the taxing law. Mr. Baker, after experience in looking over thousands of tax reports, gives the average man

credit for making a return in favor of the government instead of in favor of himself.

DRAMA SCORES DISTINCT HIT

"Peg O' My Heart" Cast Success
In Mandan

"Peg O' My Heart," the famous comedy drama, will be presented at St. Mary's Auditorium tonight at 8:30 o'clock.

The play, presented in Mandan last night at the Palace theater, scored a big hit. There was laughter from rise to fall of the curtain. There are three professional people in the show, assisted by some exceptionally clever Mandan players. Doris A. Golden, who plays "Peg," has played the part with professional companies and scored a distinct hit. Joseph M. Golden, the director, also appears in the cast.

In addition to the rollicking three-act comedy, there is professional singing and dancing. Clarence W. Davis, the professional colored singing and dancing comedian, was vigorously applauded in Mandan. Joseph M. Golden, the entertainer, kept the audience laughing throughout his act.

The show, which is given at St. Mary's tonight, is for the benefit of St. Mary's school. The public is invited to attend. There will be a small admission charge.

3,500 PEOPLE IN U. S. OVER 100

Right Living, Right Thinking,
Are Chief Requirements

Chicago, June 20.—There are 3,500 men and women in the United States who are past 100 years of age, said Dr. Royal S. Copeland, health commissioner for New York City, in an address as chairman of the bureau of sanitary science and public health of the American Institute of Homeopathy, at its session here today. Dr. Copeland asserted that by right living and right thinking the average person should live to be a hundred, with "eye undimmed and natural force unabated," but intimated that industrial hygiene was essential before this could be realized.

FORMER MINISTER CHARGED WITH TWO MURDERS

(By the Associated Press)
Augusta, Ga., June 20.—Elliott Padrick, a former minister is in jail here today on charges of having killed his 18-year-old wife and her mother, Mrs. M. B. Dixon, of Dover, Georgia, early last night. According to the sheriff's deputies, Padrick has confessed the crime, saying he was jealous of his wife's attentions to other men.

Mrs. Padrick and her husband had been separated, officers said.

TODAY'S BEAUTY HINT

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleaned each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of canthox which can be obtained from any druggist, in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just to the top of the head. This, when rubbed into the scalp and onto every strand of hair, chemically dissolves all impurities. It is very soothing and cooling in its action, as well as beneficial to both scalp and hair. After rinsing out the latter so created, you will find the scalp is fresh, clean and free from dandruff, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.—Adv.

Youthful Lines

That is what every woman desires! The ability to wear those simple, clinging, effective clothes designed for slim, straight figures.

And since everything is possible, the attainment of such lines is too — but only through the medium of the correct corset. We are recommending:

Warner's Rust-Proof Corsets

—because we have seen how effectively they can influence figure contours once ungraceful or unfashionable. And this improvement is wrought not by heavy boning or clumsy fabrics but just by correct design.

A Warner's Rust-Proof Corset is light, comfortable, durable and may be washed again and again to be just like new. Every Corset is Guaranteed not to Rust, Break or Tear, and we stand behind this guarantee.

Local Girl Weds Fargo Man Today At Home of Sister

The wedding of Miss Gertrude Marian Boise, daughter of Mr. and Mrs. C. G. Boise of this city, and Charles Herbert Loomis of Fargo, took place this morning at 8 o'clock at the home of Mrs. B. L. Bertel of Fargo, sister of the bride. Rev. William Crosby Lyons of Gary, Ind., an uncle of the bridegroom, officiated at the services. In addition to members of the family and a few close friends, some of Miss Boise's sorority sisters were present at the ceremony.

Miss Boise is a graduate of the Fargo high school and of Jamestown college.

Mr. Loomis graduated from the Fargo high school and took the course in banking at the University of North Dakota. He is employed at present in the Merchants National bank at St. Paul.

After the wedding breakfast Mr. and Mrs. Loomis left on an automobile trip through northern Minnesota.

Surprise Party For Birthday

About thirty friends and neighbors surprised Mrs. Charles Schebler at her home last night with a party in honor of her 45th birthday. The evening was spent in dancing. Music was furnished by McDonald's orchestra.

The dining room was profusely decorated with American beauty roses and white draperies. The most conspicuous gift to Mrs. Schebler was a huge birthday cake which was the present of her eldest son, Joseph.

To Appear in Joint Recital

Pupils from the violin class of Donald McDonald and from the piano class of Genevieve Menard-Hughes will appear in a joint recital at the assembly room of the high school tomorrow night at 8 o'clock. The public is cordially invited to attend.

Entertains for Departing Friends

Mrs. Henry Crawford entertained 20 guests at her home, 512 Tenth street, Friday afternoon in honor of Mrs. F. L. Wigton of Steele, formerly of Bismarck, and Miss B. Thompson, a sister of Mrs. Crawford. Mrs. Wigton and Miss Thompson will depart for Winnipeg, Canada, in the near future. The honor guests were presented with various remembrances. Light refreshments were served during the afternoon.

Gives Dinner For Miss Packard

Miss Esther Hallet entertained at a 6 o'clock dinner Saturday night at her home on Sixth street in honor of Miss Clara Packard of Chicago, Ill., formerly of Bismarck. Places were laid for nine of Miss Packard's most intimate friends. The table was beautifully decorated with yellow roses, yellow favors, and place cards. After dinner the evening was spent in playing games. Mrs. F. E. Packard and daughter, Miss Clara, left Sunday night for the coast where they will visit with relatives for the summer.

Elect Delegate To Convention

Miss Hazel Nielson will leave this evening for Chattanooga, N. Y., where she will attend the biennial convention of the General Federation of the Women's clubs, June 20 to 30. Miss Nielson who was sent as a delegate by the B. & P. W. club overseas during the war, will also attend the reunion of her unit at Chattanooga. At the conclusion of the convention here Miss Nielson will go to Chattanooga, Tenn., where she will attend the fourth annual convention of the Business and Professional Women's club from July 10 to 16. Miss Nielson was selected as the delegate to represent the local B. & P. W. club at their meeting last night. Miss Mary Huber was named as her alternate. It is expected that there will be at least 1,000 delegates at the convention who will have the opportunity of visiting some of the battlefields made famous during the Civil War. Numerous interesting excursions and trips to important places have been arranged by the Chattanooga B. & P. W. club for their guests.

Find 50-year Old Insignia at Fort

A metal bugler's insignia was found on the ground at old Ft. McKean Sunday by little Miss Jean Anderson, niece of Dr. and Mrs. F. R. Smyth, when the Smyths, Miss Henrietta Beach, Miss Helen Bascom, and R. G. Cairn were enjoying a picnic outing at the old fort. The little emblem must be at least 50 years old since the old fort was abandoned before the fight with Custer.

Send Two Baby Alligators by Mail

Two lively baby alligators were received by Billy and Harvey Erlenmeyer from Lake Worth, Florida, Saturday. They were sent by Don McCoy, a former graduate of the local high school, who is now living in Florida. The alligators despite the fact that they came by parcels post, over a long way, they both appeared to be in fine health. The boys are delighted with their gift, but are in search of a better aquarium than the bath tub. Mrs. Don Erlenmeyer has been visiting at the home of her parents, Mr. and Mrs. W. F. Erlenmeyer for some weeks. Mrs. Don Erlenmeyer, also a grad-

nate of the local high school, has been visiting in the city for some weeks. She attended the high school alumni banquet recently. Mr. Erlenmeyer expects to motor up from Florida for a visit at his old home town and take his wife back with him.

VISITED CLASSMATE.

Rev. and Mrs. R. T. Fulton and family of Kenmare, who have been visiting at the home of Mr. and Mrs. J. W. Deemy, 814 Fourth St. left Monday for their home. Rev. Fulton who is pastor of the Kenmare Presbyterian church, had charge of the services in the local Presbyterian church Sunday evening. He sang bass solos at the morning and evening services. Rev. Fulton was a classmate of Rev. H. C. Postlethwaite.

THE STATE'S OLDEST NEWSPAPER
(Established 1878)

OLD-TIME JOYS

Along about this time of year, back yonder in the past, the drowsy congregation pricked up its ears as the preacher announced.

"There will be an ice cream social on Banker Stoneheart's lawn, Thursday evening, under the auspices of the Young Ladies' Aid Society. All are cordially invited to attend. Bring the little folks. A silver offering will be taken."

"Amen!" was still ringing in the church air when the young bucks made their rush for the door, to line up outside and spring the conventional, "May I see you home?" on the white frocked damsels, preparatory to arranging "dates" for the social.

People on the sunset side of 30 can look back to the old-time church entertainments with considerable satisfaction, knowing that, having participated in same, they have not lived in vain.

The church "social"—or "sociable," as you prefer—was "big doings." If you and your girl arrived early in your side-bar buggy, before dusk had departed and the Chinese lantern candles were lighted, there was time for a few rounds of old-fashioned golf—croquet.

The ice cream social was always made in the church basement, under the direction of some woman who specialized in this line. And you could eat for a dime—including luscious cake baked by housewives who considered it sacrilegious to mix up a cake without using at least 13 eggs.

The ice cream social—now nearing extinction—was the pinnacle of entertainment for young unmarried people, though hard-working fathers inclined to the chicken dinners where a whole wash-tub of choice eatables could be stowed away for 25 cents. Of course, a quarter was a lot of money in those days, but every one agreed that the church chicken supper was worth it.

Those old-time gatherings, in the last analysis were for the purpose of mating the young folks in a wholesome atmosphere.

They were characteristic of clean, virile, sensible ante-jazz days.

After all, though, people do not change much. The same women always stayed behind to wash the dishes after the old-time ice cream socials and chicken suppers, just as the same women now have to handle all the arranging and cleaning-up after social gatherings.

And a good many men who are nauseated with movies, jazz bands and synthetic gin would give a lot to turn the clock back and experience another ice cream social or even a croquet game—in patent leather shoes, red necktie or tightly-wrapped choker, straw hat with an inch-thick brim and white, starched line duck trousers, with maybe a watch-chain made of braided shoestrings.

TO CONTROL MANUFACTURE

American Bar Association considers urging a national law to prevent making of firearms and ammunition except under Uncle Sam's supervision.

This would do a lot to shut off the gunman's supply of guns, now procurable by mail-order.

Shooting will not be eliminated until guns are eliminated. Each move to put pistols farther from the reach of criminals is a step toward disarming the enemies of society.

WIDOWS

A third of the widows of America are badly in need of money, estimates John J. Shuff, insurance expert.

This is not propaganda on his part, to sell insurance, for he makes the estimate at a private gathering of life underwriters in Cleveland.

A man insures his house and furniture for as close to its full value as the insurance company will permit. But he usually insures his life at only a fraction of its value to his family, though the bread-winner's life is his family's real wealth.

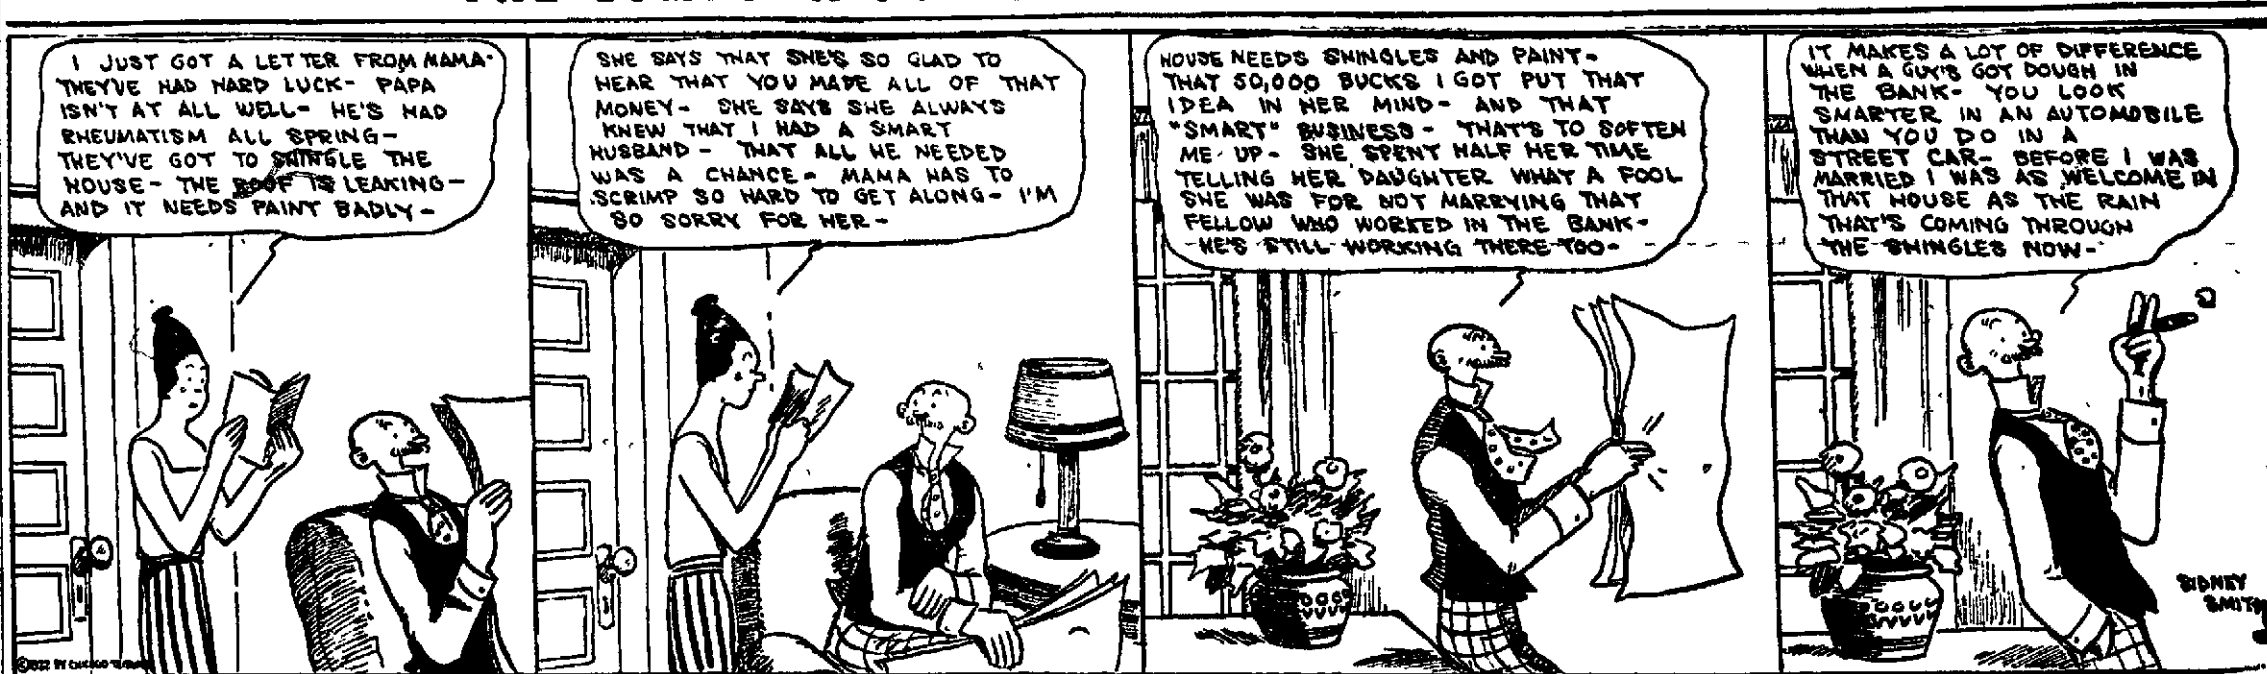

DEAD-BEATS

Dead-beats are steadily becoming fewer. So say real credit men, at their national convention in Cleveland.

This reflects the skilled work of the credit men. Human nature hasn't changed much in 20 years. The reason there are fewer dead-beats is because the credit organizations have made it harder for a bill jumper to open a charge account.

George A. Lawo, credit expert from Memphis, says he has found during his lifetime that 99 per cent of the people are inherently honest. The re-

THE GUMPS—A TOUCHING LETTER FROM MOTHER

maintaining 1 per cent are being made honest by compulsion.

All laws and regulations are made for a small minority. The majority need few, if any, restraints.

PHILOSOPHY

A negro philosopher, living on a farm near Cleveland, Ohio, drew the money end of a debate on this question: "Which is the most valuable—an education or money?"

The negro won the debate with this line of reasoning: "Just go to a butcher shop, say, 'Gimme an education's worth o' pork chops—an' see what you get.'"

BOOM

In May, 1919, during the big boom, the steel mills produced only 1,929,024 tons of ingots.

In May, 1922, output was 2,711,141 tons.

Gentlemen with blue spectacles should cut this out and paste it on their desks.

The country in general soon will be producing as much as during the post-war boom. Financial prosperity will not be as great. We are beginning to pay for the war.

DEVIL WORSHIP

The Black Mass—devil worship—is revived on a big scale by a cult of decadents in Paris.

This turns the clock back a good many centuries, to the superstitious days when the evil reasoned that they might escape punishment by becoming worshipping henchmen of Satan, the unholy.

Somewhere on earth you can find the spirit of every preceding century, at work among the gullible and ignorant. In some places, it still is he year 4000 B. C.

RUM-RUNNING

Another big source of liquor supply is suddenly shut off. Ontario, Canada, begins enforcing a special act of its legislature that makes it illegal to transport liquor over highways. Liquor for export can be shipped only by railroad and lake route.

Up to now, bootleggers loaded a truck with 'ooch and wandered along Ontario country roads until they found an unguarded point where their cargo could be slipped across the border into the United States.

The new legislation prohibits this—and Ontario has a peculiar custom of enforcing its laws.

Thus another of the rivers, flowing into the Volstead desert, dries up at its source. More counterfeit Canadian and Scotch whiskey labels will be needed by American bootleggers.

GLAD WE AREN'T WORTH \$1,000,000,000

A little item in this morning's news helps us to understand why the wisest of mankind—the men whose names do not live for merely a day but are remembered throughout centuries—have held that it is only fools who give up their lives to seeking great power and great riches.

The riches of a Rockefeller have not won the wise men's approval any more than the wise men's envy, because while we are sometimes told that such enormous fortunes can be used to bless mankind it happens that the big achievements of the human race have not come that way. They have been the fruits of the labors of men who cared more for other things than for money and few of them had money to thank for their ability to do what they did for civilization. And as for the mere pleasure of life, who doesn't prefer the ordinary man's freedom to the restrictions that surround a king or the mate of a king, a Morgan or a Rockefeller?

Just imagine; they dedicated a new Baptist church in New York yesterday, and as Rockefeller had given half of the \$1,500,000 it cost, he wanted to be present. But in order to make it possible for him to attend, the neighborhood and the church itself had to be heavily guarded by detectives, who inspected everybody who entered. It's real jolly to be poor enough to go where you blankety please without calling out the militia, isn't it?—Pittsburgh Press.

ADVENTURE OF THE TWINS

By Olive Barton Roberts

When Phil Frog heard Mr. Peerbout, the Man-in-the-Moon, was lost he was amazed.

"The very idea of us not knowing it!" he declared. "Why, last night the Moon looked so nice and round and shiny Fannie and I and the children all got out and sang a song of thankfulness. We were sure we saw Mr. Peerbout then."

Nancy shook her head.

"No," she said. "You didn't see Mr. Peerbout. Old Comet-Legs, the fairy who is jealous of him, pushed him off the Moon. The Weatherman is running the Moon until Mr. Peerbout is found."

"Well, I declare!" croaked Phil. "I'll have to help, that's sure, for honestly I don't know what we'd do without a Moon."

"When there's a nice Moon we're not afraid of losing our lives. We can go when Old Owl is looking for us, and Marly Mink snoops along the bank on the lookout for a nice, fat pollywog."

Just then Polly Pollywog, who'd been listening, spoke up.

"What does the Moon-Man look like?" she asked. "Anything like frogs or pollywogs?"

"No," explained Nick. "He looks like us. He has a head and arms and legs and feet."

But Polly was too excited to listen. "Oh, I saw something," she cried out. "I know where Mr. Peerbout is. I saw him hiding in the tall grass near the bank. He's got arms and legs and a head and he's all ragged, too. I'll take you there."

"There he is," cried Polly. "Right there!"

And what do you think! Nancy picked up Kitty Brown's rag doll.

"No, Polly," said she kindly. "This isn't the Moon-Man. He's lost yet. But you can keep on looking. I'm afraid when he fell he got his head bumped and lost his memory."

TODAY'S WORD

Today's word is MORIBUND. It's pronounced—mor-i-bund, with accent on the first syllable.

It means—in a dying state; near death.

It comes from—Latin "morri," to die.

It's used like this—"Many people believe a new political alignment in the United States to be near and that both old party organizations are moribund."

A THOUGHT

So that a man shall say, Verily there is a reward for the righteous; verily he is a God that judgeth in the earth.—Psalm 58:11.

Justice and humanity have been fighting their way, like a thunderstorm, against the organized selfishness of human nature. God has given manhood but one clew to success—utter and exact justice.—Wendell Phillips.

With the Movies

THE ELTINGE

The story of Main Street and Broadway, of soda fountain and cabarets, of a little church and dance hall, of a mother and her wayward boy, of a country lass and a chorus girl, picture based on the famous song, "Where is My Wandering Boy Tonight?" is the attraction at the Eltinge for Wednesday and Thursday. The leading player is Cullen Landis.

CAPITOL

Allan Forrest, as leading man, and Charles Barry, as Frank Brownlee, in character parts will be seen in Alice Lake's latest Metro special, "The Hole in the Wall," a Maxwell Karger production.

"DAKOTAN" GOES TO HARVESTER CO.

John Mathys is the 18th graduate of Dakota Business College, Fargo, N. D., to get a position at the International Harvester Co.'s Fargo office. Ruth Shine, who took a D. B. C. course after finishing High School, is the 8th "Dakotan" for the Hull Insurance Co.

All Fargo banks, all wholesale houses but one, employ D. B. C. students. 8 Fargo bank officers were D. B. C. men. This answers your question of what school to attend.

"Follow the Success!" School year begins in June. Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D.

BLOOD STAINS ON CLOTHING CAUSE LEGAL MURDER IN ILLINOIS

BY ALEXANDER HERMAN.

In the death house at Sing Sing is a prisoner about whose guilt there recently has developed considerable doubt. He is Rungar B. Warden, saved from the chair by an operation. Under the anesthetic he mumbled time and again: "I never killed anybody." Will he be saved from the fate of Wiley J. Morris?

One Saturday, Mary Murphy, a domestic employed in Pontiac, Ill., went home to visit her family living six miles out of town. The next afternoon she started back walking along the railroad tracks.

She was last seen alive about two miles from Pontiac.

Eighteen days later her body was found near the tracks.

Was In Fight.

Suspicion was cast on Wiley J. Morris, who had left Bloomington, Ill., and was seen walking along the railroad near Pontiac.

He was arrested and charged with murder when blood stains were found on his clothing.

At the trial he proved that he left Bloomington because of a fight. The stains on his clothes were from the blood of his antagonist.

The jury did not believe the story. Morris was convicted and sentenced to death.

He protested his innocence to the last. With the noose around his neck, he cried:

duction, which comes tomorrow to the Capitol theater.

Mr. Forrest, recently seen in Goldwyn Pictures, and previously in prominent roles for American, makes his Metro debut opposite Miss Lake in this screen play.

Mr. Clary for years has been seen in Fox photoplays. He will be recalled for his portrayals in "The Two of Us," "The City," "The Barry," "Cleopatra," lately as the king in "A Connecticut Yankee in King Arthur's Court," and for his work in "The Penalty," "The Street Called Straight" and "The Woman in Room 13."

Mr. Brownlee is not new to Metro picture-goers, who remember him as Martin Barry in "Shore Acres" and in "Hearts Are Trumps."

"The Hole in the Wall" was adapted for the screen by June Mathis from Fred Jackson's play.

WILL SURELY HELP OTHERS

The condition of the human body is reflected by the condition of the kidneys and blood. If the kidneys are not functioning properly, waste products and poisons cannot be eliminated. Rheumatic pains, swollen, aching and stiff joints and muscles, dizziness and blurred vision are symptoms of kidney trouble.

Mrs. A. Lechner, 1129 Main Ave., Clifton, N. J., writes: "Foley Kidney Pills have helped me."

BEEFSTEAK AND ROASTBEEF ARE BACK ON MENU

Deflation of Grain Market Made It Profitable To Market Grains Via Beef Market

Chicago, June 20.—The great American beefsteak and the succulent roast beef are on their way back to the menu of the ordinary citizen, according to a report made public today by the National Institute of Progressive Farming.

The reason is simple, according to Guy H. Hall, director of the institute. It is that with the deflation of the grain market it has again become profitable to market feed grains via the beef market.

"Our survey of the beef situation, which has been on for a month, covered the four leading pure-bred cattle associations, namely, the Hereford, Aberdeen-Angus, Shorthorn and Galloway, the leading livestock markets and some 17,000 farm implement dealers," said Mr. Hall.

"The investigation," continued Mr. Hall, "shows a marked increase in the sale of bulls to farmers and range cattle growers. This means increased herds. All reports agree on that. Herds were terribly depleted during the deflation period and there is still a shortage, but the movement back to normal is now in full swing. As production increases so will consumption, and the rehabilitation of all industry will be that much advanced."

"It is not an exaggeration to state that optimism has returned to the farmer. He sees a sure profit in this season's work and he is buying tractors and farm implements and using them. Our hog survey, recently made public, indicated that the beef survey confirms it and our sheep survey, now in progress, will clinch it. I am sure."

"The survey indicates a profitable market for beef for at least eighteen months longer, and with honest retailing of meats, the American working man should have his beef on the table at least once a day, at or near the cost of the grower's cost if he cannot afford it. England has grown to greatness on beef; so has the United States. The return of the steak and the roast to the table is of international importance."

VISITORS TO BERLIN SAVING THEIR MONEY

(By the Associated Press)
Berlin, June 20.—Prices on general merchandise in Germany have risen to such an extent that the foreigner no longer flocks into the country to do his buying.

Shortly after the war prices were low, so low that the stores of Berlin were doing an enormous business with men and women from countries close to Germany, not to mention England and the United States who found great advantage in buying here. Today Berlin prices are on a par with the outside markets, according to an investigation made by a local paper, and the men on a business or pleasure trip to Germany now prefer to spend his spare money on amusements.

The best German cuttings and the best German underwear are as dear as in England, and British and Swedish enamel goods are cheaper than German. Hence purchasing by outsiders during the past six weeks has been virtually eliminated.

Much Bail Money Was Forfeited In Municipal Court

(By the Associated Press)
Superior, Wis., June 20.—Fines and forfeited bail money paid into municipal court in original and appealed cases from June 1, 1931, until June 1, 1932, totaled \$46,894.66, according to figures compiled by James Ducey, court officer.

The average receipts in the court during the past year was \$3,907.38 per month.

"This is considered a heavy year," added Mr. Ducey, "enough being taken in to pay approximately one-half of the police payroll."

AUTO THIEVES SHOOT POLICEMAN IN GUN FIGHT

Minneapolis, June 20.—Michael P. Engstrom, police lieutenant was shot and seriously wounded early today in a gun fight between a police squad and four automobile thieves on the North Side. The men escaped.

The police gun squad, led by Engstrom, attempted to intercept an automobile carrying four men who had aroused their suspicions. After a short chase the men leaped from the parked automobile and started for the woods, firing as they ran. One of the shots struck Engstrom in the left hip.

600 CANS CREAM, MILK, HANDLED IN JUST ONE DAY

More than six hundred cans of milk and cream were handled in one day here recently by the Northern Pacific Railroad, which handles only a part of the dairy products shipped to and from here. This amount of cream, in the opinion of R. F. Flint, State Dairy Commissioner, would result in the payment to the farmers producing it of \$6,500.

APPROPRIATION BILL PASSED

(By the Associated Press)
Washington, June 20.—Acceptance by the senate, in passing the naval appropriation bill, of the house enlisted personnel figure of 86,000 men left only the senate increases, amounting to about \$44,000,000, to be adjusted by the conferees of the two houses. As put through the senate last yesterday without a record vote, the measure carries a total appropriation of \$235,450,000.

Wedding Guest Swoons and Dies — Wedding Halted

(By the Associated Press)
Minneapolis, Minn., June 20.—Death halted the wedding of Miss Florence J. Johnson, Minneapolis, and Fred Dehon of Mound, Minnesota, when Mrs. W. Christ, 62, of North home, a wedding guest swooned just as the ceremony began at Salem Lutheran church, during a moment later. The wedding ceremony was conducted later.

WORK STARTED ON LAW BUILDING

Grand Forks, N. D., June 20.—Rapid progress is being made in the construction work on the new law school building at the University of North Dakota, according to a report given out Saturday. All excavation work is expected to be completed by tonight. In the meantime construction of the forms for cement work will be started and with favorable weather it is expected to have the cement work well under way by the latter part of the week.

Excavation was started shortly before the close of the university for the summer months and has been going forward with all rapidity since that time. According to contract, the structure is to be completed and ready for occupation by the beginning of the second semester of school next February.

The building is to be 56x100 feet in size and is to be built in the modern Gothic type of architecture. It will contain three stories and a ground floor with a sub-basement and is to be modern and fireproof in every respect. Contracts for the construction work were let at a meeting of the state board of administration on May 23. Work was held up for several days after that time until the location was definitely settled to be north of the chemistry building.
